Ancient Aliens of the Americas (Paperback)

By Logan Hawkes

Createspace, United States, 2011. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Long before Christopher Columbus set foot in the Americas, long before the Vikings discovered the New World, the indigenous cultures of the Americas developed complex systems of government and constructed magnificent cities with towering pryamids and temples and were proficient in art, science and astronomy. They also were keepers of long forgotten knowledge and harbored secrets of complex math, science and astronomy unknown to European explorers. Discover the thriving and forgotten people of Ancient America and explore their belief systems, the symbology they used to to illustrate their complex and comprehensive understanding of their origin, and examine many of the artifacts they left behind, clues perhaps to help us better understand who they were, where they came from and why they believed they were connected to the stars. Could Ancient Americans have been the first to populate the earth? How do we explain their complex language, their mysterious forms of art, their proficiency at math and their knowledge of time, and how could they chart the stars and planets with such perfection without the use of modern and...

Reviews

This pdf will be worth buying. Better then never, though i am quite late in start reading this one. I am easily can get a enjoyment of reading through a published book.

-- ***Paul Ankunding***

This is the finest publication we have read through right up until now. Better then never, though i am quite late in start reading this one. Its been written in an remarkably easy way in fact it is only after i finished reading through this book by which basically altered me, affect the way i think.
