High school history to learn not only the importance of knowledge of the mind back. but also focus on training dialectical view of historical figures and events of the capacity. should also be Note the following points: First. sort out the clues. keeping in mind the historical facts are facts and clues to learn the history of the two basic elements: bear in mind the facts is the foundation. so to strengthen the basic facts and concepts of the understanding and memory; clarify the clue is the key. is to master the complicated historical knowledge. a good way to help the memory. so in the learning process should also identify the main good. sort out clues. series historical facts. and in understanding the whole matter to grasp the facts on the basis of vertical and horizontal linkages between better memory . Second. historical materialism. dialectical thinking is the greatest feature of the discipline of history based on historical facts. therefore. to master the facts. respect the facts. is the answer to the problem and improve the ability of the premise. We should develop starting from a specific historical background. the specific historical conditions. thinking. problem analysis and evaluation of historical habits of mind. In addition. history is a rich social sciences. involving the period of human political. economic. military. diplomatic and other major events and technological. ideological. cultural. etc. so also pay attention to learning Chinese and Western combined with comparison. note that with the and comparison with other subjects. look at the problem can not be divorced from any specific historical background and the background history of...
