Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The information presented within is mainly based off other writings. The author has taken this information and expanded his own perspectives and experiences in a way for others to easily understand. A glossary is added with definitions to ideas to help with reading. The books summarized are books that the author needed to read for classes while attending college. The interesting part is how someone that has lived in Canada, America, and China explains his non-traditional views with such ease. The author is not coming from one specific cultural perspective, but rather an out-of-the-box view on all aspects that incorporate travel, money, and duty. Without any barriers on his thoughts, the author takes the reader for a ride through emotional and insightful adventures. Without needed to take too much time, the book easily makes information available and easy to pick up. In order to encompass all the experiences and essays written by the author, the other six parts to the collection will be made available soon. Keep in touch and thank you.
