It is intended for pupils who have gone through a Primary Arithmetic, and know how to read and write numbers up to thousands inclusive; and may be used either by itself to succeed the Primary or Elementary, or as an auxiliary to the Elementary or Practical, on alternate days. S. securities, taxes, duties, c. The value of this last feature, it is believed, can hardly fail to be appreciated in this practical age. The interest and profit with which classes will use this work will depend entirely on the thoroughness with which...
