Due to advancements in web designing, you do not need to spend years learning HTML; drag and drop website builders make everything easy for newbies. Sweetening the deal even further, you can create your website without spending a penny. However, the difficult part is finding a good provider that will let you make a decent free website. As you may know, free usually comes at a cost. In this book, not only will I show you how to create a website, but I will also recommend some of the best free website providers you can sign up with. Anyone who has ever started a website knows that making it is easy. But, finding motivation to keep it going is the most difficult part. So, I will also give you tips you can follow to keep on creating content. Furthermore, there are sections in the book dealing with website promotion, SEO, and other topics. Since the internet can be dangerous to young people, I recommend that you communicate to your parents or guardians about your intentions to make...
