As a former Army soldier and US Government Special Agent, Tonya s revolutionary process of Watch, Assess, React empowers women to take back their personal space and live their lives without fear. Tonya s story is a powerful example for women. As a Special Agent she was raped by a male teammate while on an espionage surveillance mission. To protect national security, she did nothing. When she finally asked, Why? her journey led her to a revolutionary process for reclaiming personal POWER. Tonya expertly weaves together the worlds of self-awareness and situational awareness in a unique concept she calls, Live in the Pink!TM She takes lessons learned in hyper-masculine environments and combines them with inner feminine strength to create a process every woman can use to control her personal space. To do this she uses the creative acronym W.A.R.: Watch - pay attention to surroundings using government training techniques Assess - determine potential risk in any situation React - know when to act and how to act This book is a must read for every woman ready to harness her own Personal POWER.
