Brand New Book ***** Print on Demand *****.They call it Wet Eye : a biological weapon that literally eats out the eyes of its victims. Now, deep within the belly of the U.S. military establishment, one small silver canister of Wet Eye is missing-lost because a career pencil-pusher has cut a million-dollar deal and signed it in blood.For David Stafford, a Defense Department investigator, finding the missing canister means ripping through layers of cover-ups, bureaucracy, and one man s murderous determination to sell Wet Eye to an international arms dealer. But the military would rather silence Stafford than admit to a security breach. And now, the only person who can stop a biological conflagration is an innocent child-who has looked into the face of evil, and seen it with her own two eyes.
