Reviews

The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

I seem to be able to catch the beginning of it, say three or four notes; the remainder of the phrase I was totally unable to identify even when the greatest effort to do so prevails. In fact I find it necessary to visualize the piano and some one at it in order to get the first part of the phrase in tonal images. Test 2. The high grade 3 here I think is due to the fact that I put the phrase of my invention into the mouth of my mother, who used to sing a great deal and who still sings some. It must be of interest to you to know that when I put the same phrase into the mouth of any one of half a dozen persons I am scarcely able to get any imagery. My auditory imagery is very clear, and I habitually have musical images that are almost as clear as actual hearing. But these images are not subject to voluntary control, and my reaction on the tests is therefore unsatisfactory. Although I have no technical ability, I am more deeply moved by music than are some professional musicians of my acquaintance. Imagined music is a very important factor in my daily life. Musical images are almost present in consciousness. I...
